

Supporting our work

**Your small change can make a big difference
when you fundraise for the Eden Project**

Education is at the heart of what we do

We create learning experiences that spark curiosity and encourage everyone to explore the natural world - inspiring people to connect with nature and take positive action for the planet.

Healthy people help create a healthy planet

We bring people together through shared experiences to connect with each other and with nature - supporting people to improve their own lives, the lives of others and the planet.

We protect wild places and bring nature back

We plant wildflowers across the UK, to create vibrant habitats for nature and to support landscapes to recover - helping to bring nature back to the places where we live, work and play.

All money raised will support the Eden Project to take positive action for people and planet.

Registered charity number 1093070 (The Eden Trust).
